Services provided to lockdown affected people
The entire month of April was under lockdown by the government to protect people from the Corona Virus pandemic. As a result the worst sufferers were poor villagers and daily labourers. In this month the main focus of activities of Ananda Nagar workers was to provide more and more service to the poor, jobless or homeless people of all the 85 Mouzas (a Mouza is a revenue village/ approved villages of the Government) within Ananda Nagar Diocese. For this we distributed food items like rice, pulse, vegetables, edible oil, soap etc. Besides, we served cooked food daily to jobless and homeless 25 people since 29th of March and this service will continue till 3rd May (the present lockdown period).

Since all the photos of distribution of food materials or feeding to the poor are almost alike we will try to show at least one photo from each village with date of service provided.
