## Installation of Deep Tube well

1<sup>st</sup> September: At Dimdiha Village beside the Ananda Marga Primary School we completed to install a deep tube well. Prior to this, there was no provision of water either for drinking or for any other use for the students and staff of the Pry. School. When Baba had visited here, he had instructed to provide more developmental work in this area. This facility of water will enable us to provide for other projects like hostel for students from interior areas, Medical services and other services attached to the school.

In addition to this tube well, there is need to dig and build one well beside the Dimdiha Jalabandh (Dimdiha Check Dam) for agricultural use of vast lands.

## Interior Decoration of Rarh Museum

Four showcases were furnished with thick glass panels in the Rarh Museum at Ananda Rekha Bhavan where the artifacts of Rarh such as stone-tools, pottery vessels, metal objects will be displayed. We hope to inspire archaeological interest in visitors as well as more research work that needs to be done.

We invite all Rarh enthusiasts to bring their findings from other localities throughout the wider area of Rah to be displayed here in the museum.
