Preparation of Medicinal Plants Garden

Many valuable medicinal plants grow naturally around us and we destroy them unknowingly without knowing how to use them. In this way many medicinal plants have become extinct.

Ananda Marga High School has taken initiative to build an herbal garden on the school premises in Ananda Nagar with the following objectives.

- 1) Collecting medicinal plants that are almost extinct and preventing them from being lost forever.
- 2) Raise awareness among the general public on the use of medicinal plants.
- 3) To arouse the public to collect and use the medicinal plants those are found here and there carelessly.
- 4) To collect the knowledge of the use of various unknown medicinal plants from the common and eminent people of the society in one place and to teach the students about their practical utility.
- 5) To identify, list and bring into use medicinal plants which are used in the treatment of various diseases.
- 6) Encouraging the general public to commercialize medicinal plants.
- 7) To increase the protection of the collective health of the society through continuous awareness and use of natural medicinal plants.
- 8) To inculcate in the students a love for trees, nature and a neo-humanist education.
- 9) To raise awareness among the students and the general public about medicinal plants through regular seminars.
- 10) To assist the government education department and administration in promoting and disseminating this matter in order to maintain good health of the people as well as society.

Awareness Meeting for Afforestation

11th April: An awareness meeting on plantation and its maintenance was organized at the newly constructed Ananda Marga Farm House at Banshgarh in Ananda Nagar from 10 am to 12 noon under the chairpersonship of Hon'ble Soma Das, Kotshila Forest Range Officer at the initiative of Ananda Marga Pracarak Samgha.
